HEADACHE & PAIN CENTER, AMC MEDICAL DIRECTOR RETURNS FROM ASIPP 13TH ANNUAL MEETING

Gray, LA - Jimmy N. Ponder, Jr. MD, Medical Director of Headache & Pain Center, amc recently attended the ASIPP 13th Annual Meeting: "A Vision for Interventional Pain Management in a New Decade" in Washington, DC. The meeting covered various topics; including the future of spinal diagnostic interventions, advances in interventional pain techniques, the application of evidence-based medicine and issues related to controlled substance management (regarding its use and abuse).

This conference offered physicians the opportunity to advance their knowledge and skills regarding multiple aspects of interventional pain management so that they can better diagnose, manage and treat patients using the latest information and technology. To close out the session, representatives and senators addressed important legislative issues in the ever-changing healthcare industry.

The board certified physicians, Jimmy N. Ponder, Jr., MD, Adolfo Cuadra, MD, and Brandon Brooks, MD are highly trained in interventional pain management and provide clinically proven solutions for patients dealing with acute and chronic pain.
