### **HEADACHE & PAIN CENTER AMC CELEBRATE OPENING OF NEW STATE-OF-THE-ART FACILITY WITH RIBBON CUTTING**

**New Iberia, LA --** Headache & Pain Center, AMC recently celebrated the opening of their new state-of-the-art 18,000 square foot pain center with a ribbon cutting. This is the practice's second Louisiana facility.

For 13 years, the board certified pain specialists have been diagnosing and treating patients in New Iberia. The practice grew rapidly with thousands of patients turning to Headache & Pain Center, AMC for pain diagnosis and relief, usually without surgery or habit-forming narcotics.

"We are proud to be investing in the New Iberia community," stated **Jimmy N. Ponder, Jr., MD**. "The new facility includes high-tech diagnostic equipment featuring an Open MRI, Bone Density Scanner and X-Ray. Everything is now under one roof to provide more conveniences to our patients."

"Surgery is not always the only option for pain relief," added **Adolfo J. Cuadra, MD**. "A visit to Headache & Pain Center, AMC could prevent the inconveniences and risks of surgery."

If outpatient procedures are needed, patients have the convenience of One Day Surgery, LLC and Advanced Anesthesia Services, LLC located within the same facility.

Headache & Pain Center, AMC accepts most private insurances and Medicare. The New Iberia facility is the practice's second location in Louisiana, located at 531-A Jefferson Terrace Boulevard.
